

2017-2018 INTRAMURALS

3rd Cycle

April 9, 2018 – June 8, 2018

The 3rd cycle of Intramurals here at the junior high will run from April 9 – June 8, 2018. A variety of activities for students in grades 5-8 (see schedule for specifics) are being offered throughout the week. We hope your child takes the opportunity to participate in some of these programs. After school Intramurals will run from 2:05 PM to 3:00 PM. At 3:00 PM students must be picked up from school or take the elementary bus which leaves the circle around 2:45. Students may participate in as many intramurals as they would like. They can go one week, miss the next week then go again the following week. Intramurals are very flexible.

***Notice the different start dates.**

Brief Description: Bridge Club - Learn to play Bridge – students will learn how to play the exciting strategy game of Bridge. Fun with Cooking – Have fun while cooking a yummy food of the day. This is a sign up class. Sign-up sheet is on the café door on Friday! D & D Club – Dungeon and Dragons. Students are invited to come to room 110 after school and learn & play Dungeons & Dragons. Come and enter a world of fantasy and imagination. Guided Study – Come to the library and have a place to get your homework/projects started or completed. Ms. Mercier is available if you are in need of help. Fun Fridays – different games and activities will be offered each week. See Ms. Mercier (library) to see the offerings that week. Chess Club – come and learn and play the game of chess while socializing with your friends. Games Club – we will play many different games while having fun socializing with peers. Field Hockey – If you're interested in playing field hockey in the fall or if you already play and miss it during this off season, then this intramural will be great for you! Come and learn the basics or work on perfecting your skills and fall in love with the sport while doing so. If needed, field hockey sticks will be available. Stress Relievers – we will do a variety of activities to relieve every day stress! Some activities may include, but not limited to: walking, yoga, healthy foods, games, dance, music, making stress balls...just to name a few. Open to all grades. Magic the Gathering – this is a collectable card game that is played with a deck of Magic cards between two or more “Wizards”. Use strategy and the luck of the draw to defeat your opponent. No purchase of cards is necessary. Come learn one the world's most popular collectable card games!
